

## **iHire Software® Services**

(For brochure, presentation, and website)

<b>S04</b>	System Support
------------	----------------

iHire Software ® Support Center engineers are available 7 days a week to give our clients all the support they need to insure their system continuous availability.

Clients could open a help desk ticket to report any issues, an engineer from iHire Support center will be ready to help at the earliest.

Clients may also call our hotline to directly speak to an engineer at our Support Center.

iHire Support Center will send notification of the latest available upgrades, patches and new software releases.

iHire Software ® Support Center will insure the business continuity of all our customers.
